the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 1999). The prevalence of mental health problems has increased in all age groups, but the increase has been most marked in the young (Mental Health Foundation 1999).

There is a growing awareness of the need to address the mental health needs of young people. The Department of Health (1999) has published a strategy for mental health care for young people, which sets out a vision for the future of mental health care for young people. The strategy is based on the following principles: (1) young people should be able to access mental health services when they need them; (2) mental health services should be integrated with other services; (3) mental health services should be based on evidence-based practice; and (4) mental health services should be based on the needs of young people.

The strategy also sets out a number of key objectives for the future of mental health care for young people. These include: (1) to reduce the number of young people with a mental health problem; (2) to improve the quality of mental health care for young people; (3) to ensure that mental health services are accessible to all young people; and (4) to ensure that mental health services are based on the needs of young people.

*In previous chapters the power plant was called "New Trino" plant, but a map in Vol. 14 shows that the plant is located in Trino, Italy. It is spelled the same in katakana. It also could be seen as a pun on "mountain".

Not that

The

GUNSLINGER GIRL

GUNSLINGER GIRL

GUNSLINGER GIRL

...

I see.

The 1st Parachute Regiment has approached the Agency headquarters.

However, there appears to be some insubordination within the regiment.

GUNSLINGER GIRL

But
there also
must be
a new
beginning.

No, the
Agency
must be
brought
to an
end.

Today's
rebels will be
tomorrow's
leaders, and
the cycle will
repeat.

The
Agency
Headquarters
will not
accidentally
destroy itself,
within a day
they will
accept a
merger.

In 5 or
10 years,
when I'm

All these

come out
when I'm
trying to
sleep.

It reminds me of the missile in Venezia.

What the hell? Look at that smoke!

May I have a minute?

Sire...

I've been listening to the gossip around the Defense Ministry.

What is it, Secretary-General?

They're hitting everywhere, we better barricade ourselves in here.

I'm too busy to dig my own grave.

GUNSLINGER GIRL

We are
here just
outside
the *Porta
Angelica*.

The city
authorities
have placed
a ban on
going
outside.

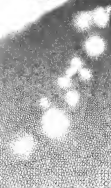

However,
something
unusual is
happening
on the
streets of
Roma.

Citizens
are
gathering
in the
streets
and
holding
candles.

People
are
coming
out on
this
street
after
hearing
gunshot
ring out.

GUNSLINGER GIRL

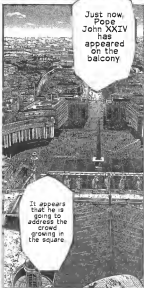

At this moment, the hearts of people all over Europe are captivated by hatred.

I implore all of you to go forward with courage and dignity. If you spread these virtues, we will not falter in the face of evil.

This violence is very serious and is violation of God's law.

Just now, Pope John XXIV has appeared on the balcony.

It appears that he is going to address the crowd growing in the square.

GUNSLINGER GIRL

A call for the governments and the people in Europe from every nation to reconcile.

They have also announced that the death toll is around 300.

After last night's terrorist attacks, the government has officially announced that all hostilities have been ended.

These new numbers will mark the end of the recent burst of violence.

Now that it is over, all that is left to do is reflect on the recent events.

GUNSLINGER GIRL

I
knew
that.

you

GUNSLINGER GIRL

Despite the binds of her duties and responsibilities, she showed an incredible courage I had never seen before...

She was distressed by the number of children killed, and wanted to do everything she could to rescue them.

She was a coroner in my department named Rachelle Bello.

GUNSLINGER GIRL

We were able to use a connection within the slave ring, Maria Rossi, who defected from their organization.

He cooperated because he felt regret for his prior involvement in the ring.

...thanks to her bravery, she was able to save a girl named Thiele.

The unfortunate reality is that Thiele's lifespan is limited, so I wondered what that meant for this special bond.

Rachel gave her life so that Thiele could live, and I believe that Rachel's courageous spirit was passed on to Thiele, a link forming between them.

I feared it would end with Thiele.

I was hoping that you might be able to carry out this wish, so I have entrusted them to you.

I have secretly preserved some of Trinia's eggs and had them safely stored in a hospital.

Documentary,
"Italy: Days
of Blue."

AI OF BLUE

For the last
month in
Japan we
have been
airing a
special
documentary
series called
"Italy: Days
of Blue."

Good
Evening,
everyone.

IS OF BLU

Thank
you.

We have
brought in
Professor
Ford to
discuss
recent
events.

Right...
it's been
3 months
since the
terrorist
attacks on
the New
Trino power
plant.

So,
what do
you
have
for us
tonight?

NO II
WCLEAR POWER PLAN

So far,
he has
admitted
guilt to
all of the
charges that
have been
leveled
against him.

The
interroga-
tion of
Giacomo
Dante
continurs
apace.

Hey, Petra,
it looks
like we're
all going
to be moving
onto a boat
soon.

World media
will be
keeping a
close eye on
the courts,
anxious to
hear what
possible
sentence may
await this
man.

So
we'll
be
living
on the
sea?

That
sounds
cool.

We're
gonna
live on
the
ocean?!

They can
decide
that for
them-
selves.

Besides,
it's not
for us to
decide
whether
or not
they're
lonely
being left
behind.

Many people
have said the
suppression of
the nationwide,
simultaneous
attacks marks
the end not
only of the
"years of blue,"
but also of
this age of
terrorism
in general.

On the
heels of
Giacomo's
arrest
and the
Pope's
call for
peace...

What do
you think
of this,
professor?

In my estimation, the resolution was almost too quick.

It almost seem like someone was used as a scapegoat.

I think each of us agree that there is more to this story than we know.

Stop doing that.

That was you, wasn't it?

She was worried about her fullback's stamina.

That's right!

Enrica's game was today. She was worried about something.

Lend me a hand here.

I've given my flowers.

Let's leave this grave.

right.

Mama~

Monday

Come
on in.

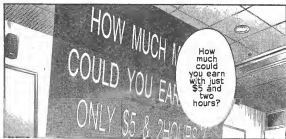

Come
on.

Give
me a
kiss.

Don't
forget
to send
me a
picture
of your
lunch.

Okay,
I'm
off!

How much could you earn with just \$5 and two hours?

It's a challenge they give Stanford students every year.

Then sell it to someone stranded in the desert.

Buy 5 gallons of water.

Not to mention they probably wouldn't be able to give much to you.

You run the risk of not being able to find anyone who is stranded like that.

So, what would you do with your 5 dollars?

Come up with your ideas and turn them in on Friday, the best ones will be published.

I do give you credit for being original, though.

Are there any more legal ideas?

Only two hours...

Send to Mama.

Snap photo.

I wonder what I would do...

What's a
hatchling
med
student
like you
doing
at a
business
seminar?

It's
just an
interest
of mine.

An
interest!
It must
be a
rather
large
one.

The
one
given
at the
seminar.

Huh?

Want
to think
about the
assignment
together?

I'm Fugo
Muller,
I'm a
Humanities
student
here.

I'm a
med
student.

I'm
Speranza
Guelfi.

I hope to direct a movie one day.

Does that interest you, too?

You could say that.

So you're a poet?

I like to solve puzzles.

Well...

Why business...

You went to the seminar because you need some financial know-how to make movies, right?

Right,
really the
only thing
you can
do with it
is buy
something
else that
can help
you make
more
money.

In the
assignment,
there's no
limit to
what you
can do with
the 5
dollars.

It
doesn't
cost her
anything.

My Mama
can make
a thousand
dollars just
by talking
on the
phone.

I have a
friend
who might
be able
to lend
me about
50
dollars...

Ohh...

Anyway,
we should
probably
try and
come up
with
ideas...

GUNSLINGER GIRL

Here,
this is
my student
ID
number.

I don't
have
my
card on
me
right
now.

So
that's
it.

Yeah, I
checked
it out.

So this
Mueller boy
lives on
campus?

GUNSLINGER GIRL

Plenty of people will be interested!

You're gifted! You skipped grades all the way up to college!

I don't see how we could make anything off of that.

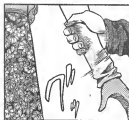

People will want to know what it's like to be such a young med student.

What's behind the name "Speranza"? Things like that!

GUNSLINGER GIRL

GUNSLINGER GIRL

It's
when I
saw
you
eating
lunch.

That's
really
when I
got the
idea to
do the
interview.

It
reminded
me of
things I
used to
do...

You put ice
cream on
top of your
pancakes,
and hid it
from your
mother, I
thought it
was
interesting...

Then
suddenly...
I started
to like
you.
